## A Refreshing New Look For The Red Lion Hotel

### Every cloud has a silver lining

The day that a thirty ton truck backed into The Red Lion bar, coming close to knocking it into an alfresco drinking area, made the decision for us to undergo a make-over that has given the place a refreshing new look.

Care was needed to save the wall from collapse and to preserve the original hand made bricks of the two hundred year old building. But this was achieved and the outside and interior decor has been given a brighter feel, retaining our cosy old world charm. Something that has been lost in so many refurbished pubs in recent years.

Along with our new look we have been inspired to make changes to our menu that we think will make your visit to The Red Lion a more enjoyable experience.

We have now notched up 20 years as publicans at The Red Lion Hotel in Salford. But that's not unusual at The Red Lion, where only a handful of publicans have resided over the last century. But in a time of turmoil for the pub trade, when publicans change quicker than a food fad, it does give you a sense of the love we have for the pub. In our time we have made it a place that can be what you want it to be; to some it is a friendly local pub, a place to meet friends, to others it's a destination for that special restaurant meal or a lunchtime bar snack. The wine list is worthy of any upmarket wine bar and the hotel guests are always made to feel at home whether they are away on business or taking a weekend break.

After all this time we have lost none of our enthusiasm and are looking forward to welcoming friends and customers, old and new.

## New menu items

Our menu is probably one of the most established for a long way around, but with the new decor we wanted to bring something new to the table.

We have been trying some new items with great success. **New dishes** have been added to all parts of the menu with new snack items, some tweeking in the sandwich department and some great additions to our starters, including a range of starter or snack size salads. For all you curry lovers we have now added prawn curry and chicken curry to our menu.

We have some tasty new sauces that will **tingle your taste buds** and delicious new sweets that you will want to leave some room for. We will also be creating new dishes to serve as specials to enhance your choices and meals that can be offered as lunchtime special deals to enhance your wallet.

**Look out** for clam chowder, crayfish, salmon fish cake and the giant Alaskan king crab legs. All are now available on our menu and have been given rave reviews by our customers, who have been trying out our new dishes over the past few months.

## Bar snack Combos

One of the fun snack ideas that has been enjoyed at The Red Lion recently are our bar snack combos which have had an American dinner theme such as the **Taste of the South** with shrimp biscuit and Cajun spiced chicken roll and the **Chuck Wagon Experience** with chilli bean soup and steak roll and our **Maine Experience** that gave you clam chowder and crab roll.

Other combos are on the way that will put a bit of fun into your bun so keep an eye out for our Dining Experience Combos.

## Here for the beer

An English country pub is something that is well known around the world. Visitors from abroad will recount with pleasure their trip to a real English pub. At The Red Lion we have always felt responsible to maintain this part of our heritage and to make sure that the pub experience is all that our visitors expect. The Red Lion has a great reputation for good pub food but we haven't forgotten the people who want to enjoy good beer, good company and the ambience of the pub, to this end we take great care and pride in our beer which has led to a long association with CAMRA, The Campaign for Real Ale and we have been regular entrants in their good beer guides, we also appear in their good pub food guide and their hotel guide which are all based on recommendation and we are proud to be associated with them.

Our awards show that we have striven to give you the best we can offer and we hope that our recent redecoration will enhance your visit and that we can help to preserve the great institution of the English country pub.

**We believe that to be among friends, enjoying food, drink and conversation is one of the finer pleasures in life. We hope you agree.**

## Red Lion World of Wine

*- a proud tradition*

At The Red Lion we have always maintained that there should be no excuses for the poor press about wines in British pubs.

With our wine list and our World of Wine promotions over the years, we have tried to bring to you a selection of wines that represent the choice of country, grape and style that is available along with some classic wines, some new wines and some just plain popular wines.

As a result we have won several awards for our wines and promotions, the pinnacle being the national **Wine Pub of the Year** by the Morning Advertiser.

Ask us about new wines, additional wines and bin ends. We are constantly evolving our wine list and our cellar may have just the wine for you.

## Special people

*- for special people*

**Bibi and Ursula** some of the team here for you.
